FRESHFOAM

FRESH FOAM 1080v8

NEUTRAL CUSHIONING

The men's Fresh Foam 1080v8 from New Balance uses data-driven input to deliver premium plushness underfoot. It improves upon the support of previous models with updates including newly re-configured flex grooves on the blown rubber outsole, a breathable engineered mesh upper with no-sew material application, and of course: New Balance's signature Fresh Foam cushioning technology in the midsole. Plus, bootie construction gives it an extra snug-feel, and an Ortholite insert adds an extra layer of support.

FRESH FOAM VONGO v3 | MODERATE STABILITY

The Fresh Foam Vongo v3 for men continues to deliver utmost cushioning and smooth support. Strategic support on the medial side and dual-density rubber outsole materials create a unique system of stability to slow down the rate of over-pronation. Meanwhile, the soft, supportive upper aids in helping to hold the foot securely.
