HIGHLIGHT REEL

LIGHTWEIGHT

Each style is developed with specific wicking fabrics and closures in mind to create the lightest high-performing hats possible. OneTouch by Outdoor Cap is up to 50% lighter than traditional caps.

COOL & DRY

OneTouch by Outdoor Cap uses a cooling sweatband, which actively decreases in temperature when you sweat. Q3 fabric technology wicks moisture away from the skin and transfers it to the surface for evaporation.

PERFECT FIT

New manufacturing technology introduces us to the world's first seamless crown. This gives you an even flex all the way around your head, creating the perfect fit for everyone.
